# **FUTURE IS MADE IN FINLAND**

**HOW TO NAVIGATE AND NETWORK WITH PEOPLE  
ON THE HUBILO PLATFORM**

# START BY CREATING YOUR PERSONAL PROFILE

- We recommend you use Chrome/Firefox.
- Fill in your **Personal Profile**.
- Upload your profile picture - it should be 200x200 px. If necessary, you can adjust your profile picture with the "edit" function in your picture folders or use free easy tools like [Picresize](#).
- Make sure your profile is as extensive and detailed as possible, so that others can get to know you better!

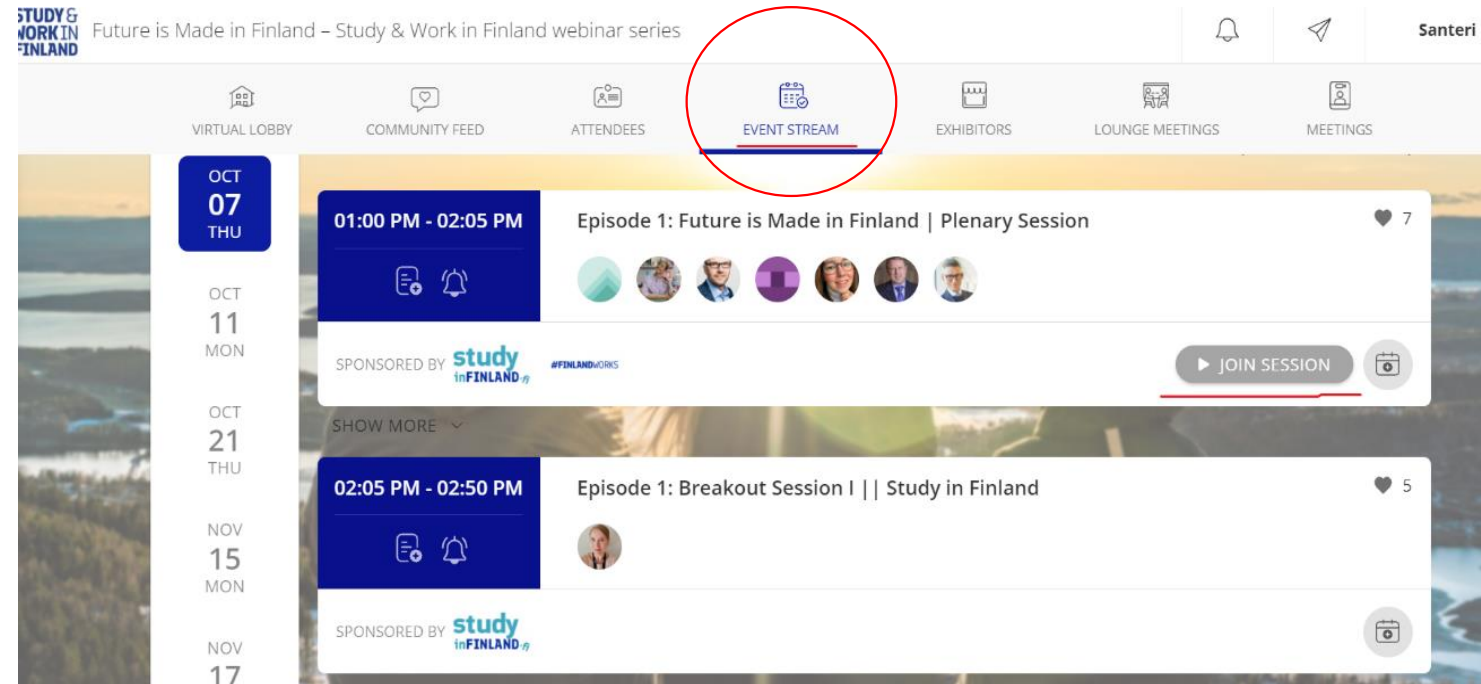

# WATCH THE LIVE WEBINARS

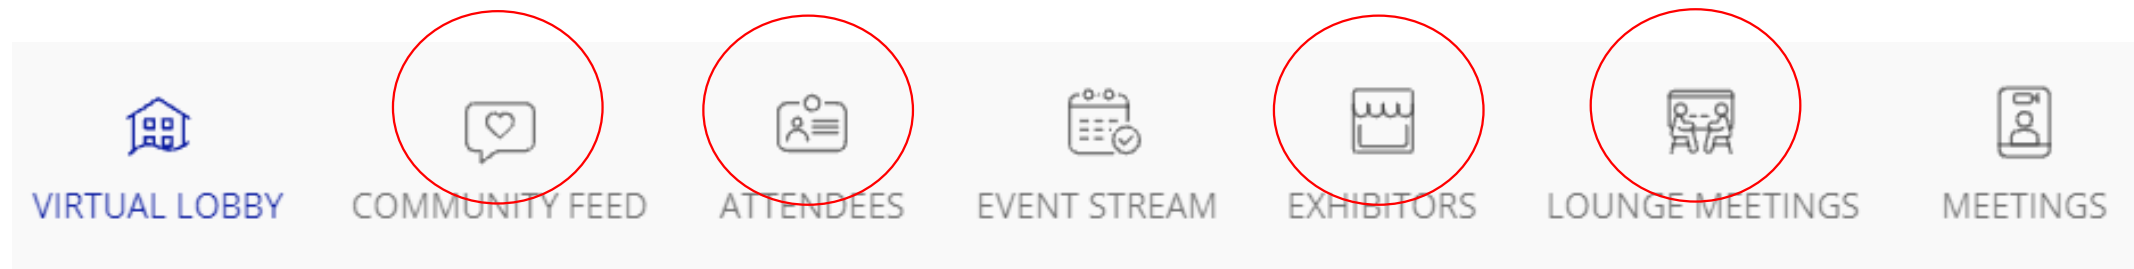

## - 6 episodes in 2 months

- Click on the **Event Stream** icon and find the list of the forthcoming Future is Made in Finland live sessions.
- When it's time for a session to go live, you can join by using the **Join Session** button – and then enjoy the presentations and networking opportunities!
- Session recordings will be available after the live events.

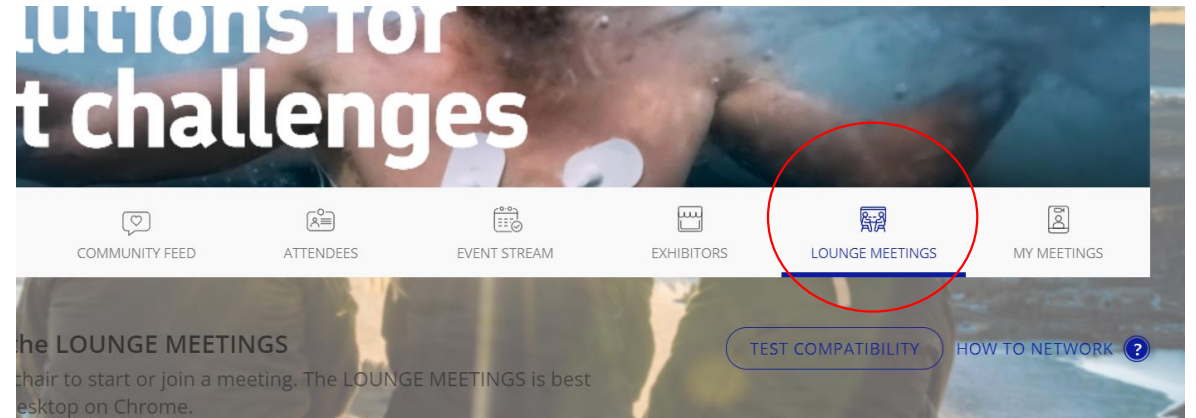

# NETWORKING OPTIONS

- During the webinars, you'll have many options for active networking and matchmaking on the Hubilo platform. You can:
  1. Interact with the community on the **community feed**
  2. Set up **1 on 1 meetings with the exhibitors and other participants.**
  3. Meet the **Exhibitors at Lounge Meetings** (in use only during the networking sessions).

# LOUNGE TABLE MEETINGS (primary networking alternative)

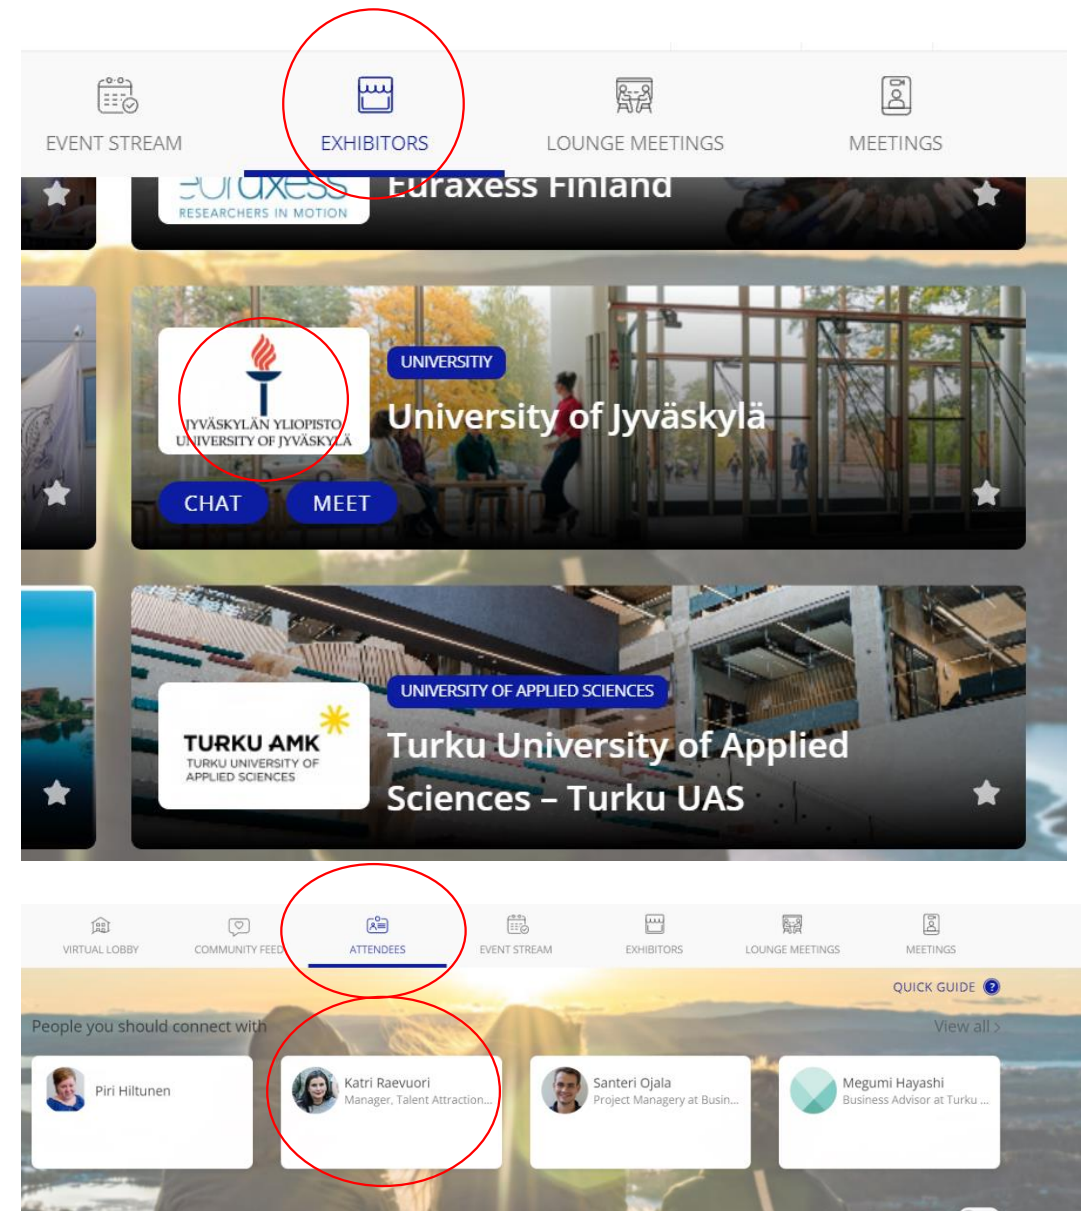

- After each live Future is Made in Finland event, there's a **Lounge Table** networking session.
- You will meet 20+ exhibitors in their own meeting rooms – you can ask more detailed questions, network and hear more details about what's on offer in Finland.
- This is a best way to get to know the exhibitors and find out more about Finland as a destination for higher education, work or research.
- Please note that lounge meetings are only available during the separate sessions reserved for networking.

You can find the schedule for networking sessions at [www.studyinfinland.fi/future-is-made-in-finland-2021](http://www.studyinfinland.fi/future-is-made-in-finland-2021)

# 1-ON-1 CHAT AND MEETINGS

- You can initiate 1-1 chat discussions or video call meetings with the exhibitors and other people you might be interested to meet with.
- In the **Exhibitors** section place the cursor on top of an exhibitor booth to select chat or meet functions.
- Alternatively you can go to **Attendees** section and find the same functions after opening someone's profile.

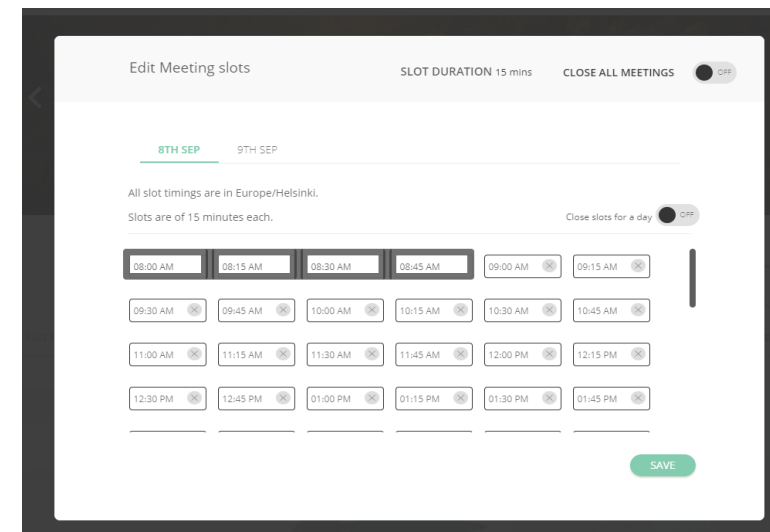

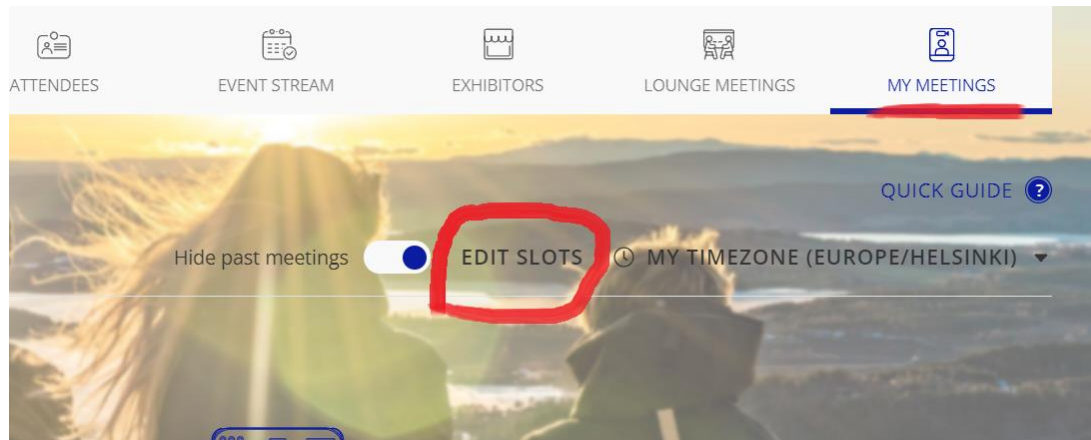

# CALENDAR MANAGEMENT— how to define your availability for networking

To define your **availability** for networking, you might wish to mark those times in your calendar when you are not available. This is how you can do it:

1. Go to "My meetings"
2. Go to "Edit slots"

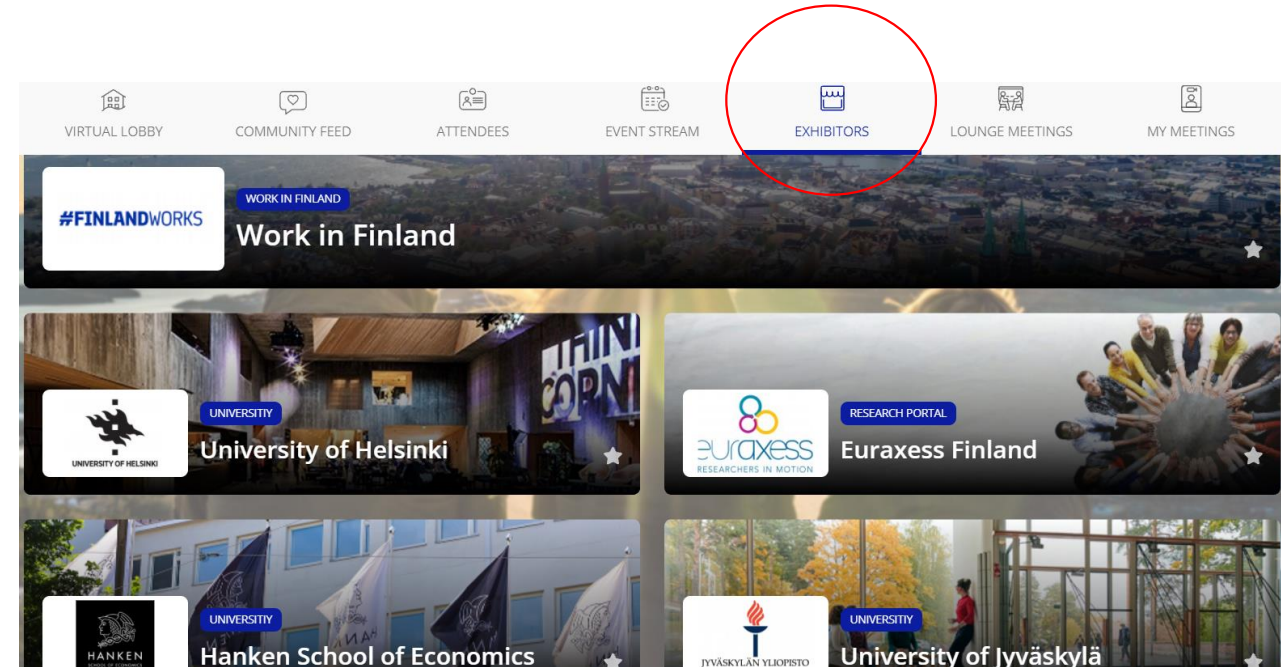

3. Click a meeting slot to block it
4. Click "Save"
5. Now these times are blocked, and people can't suggest meetings at these time points

# EXHIBITION BOOTHS – find out more about the exhibitors

- The Future is Made in Finland 2021 event series has 30+ exhibitors: universities, business hubs, cities, companies and other organizations.
- Click open the exhibition booths you find interesting, and you will find a lot of useful information - links, files, videos and other content which will help you to find your opportunities in Finland.
